

Project Description

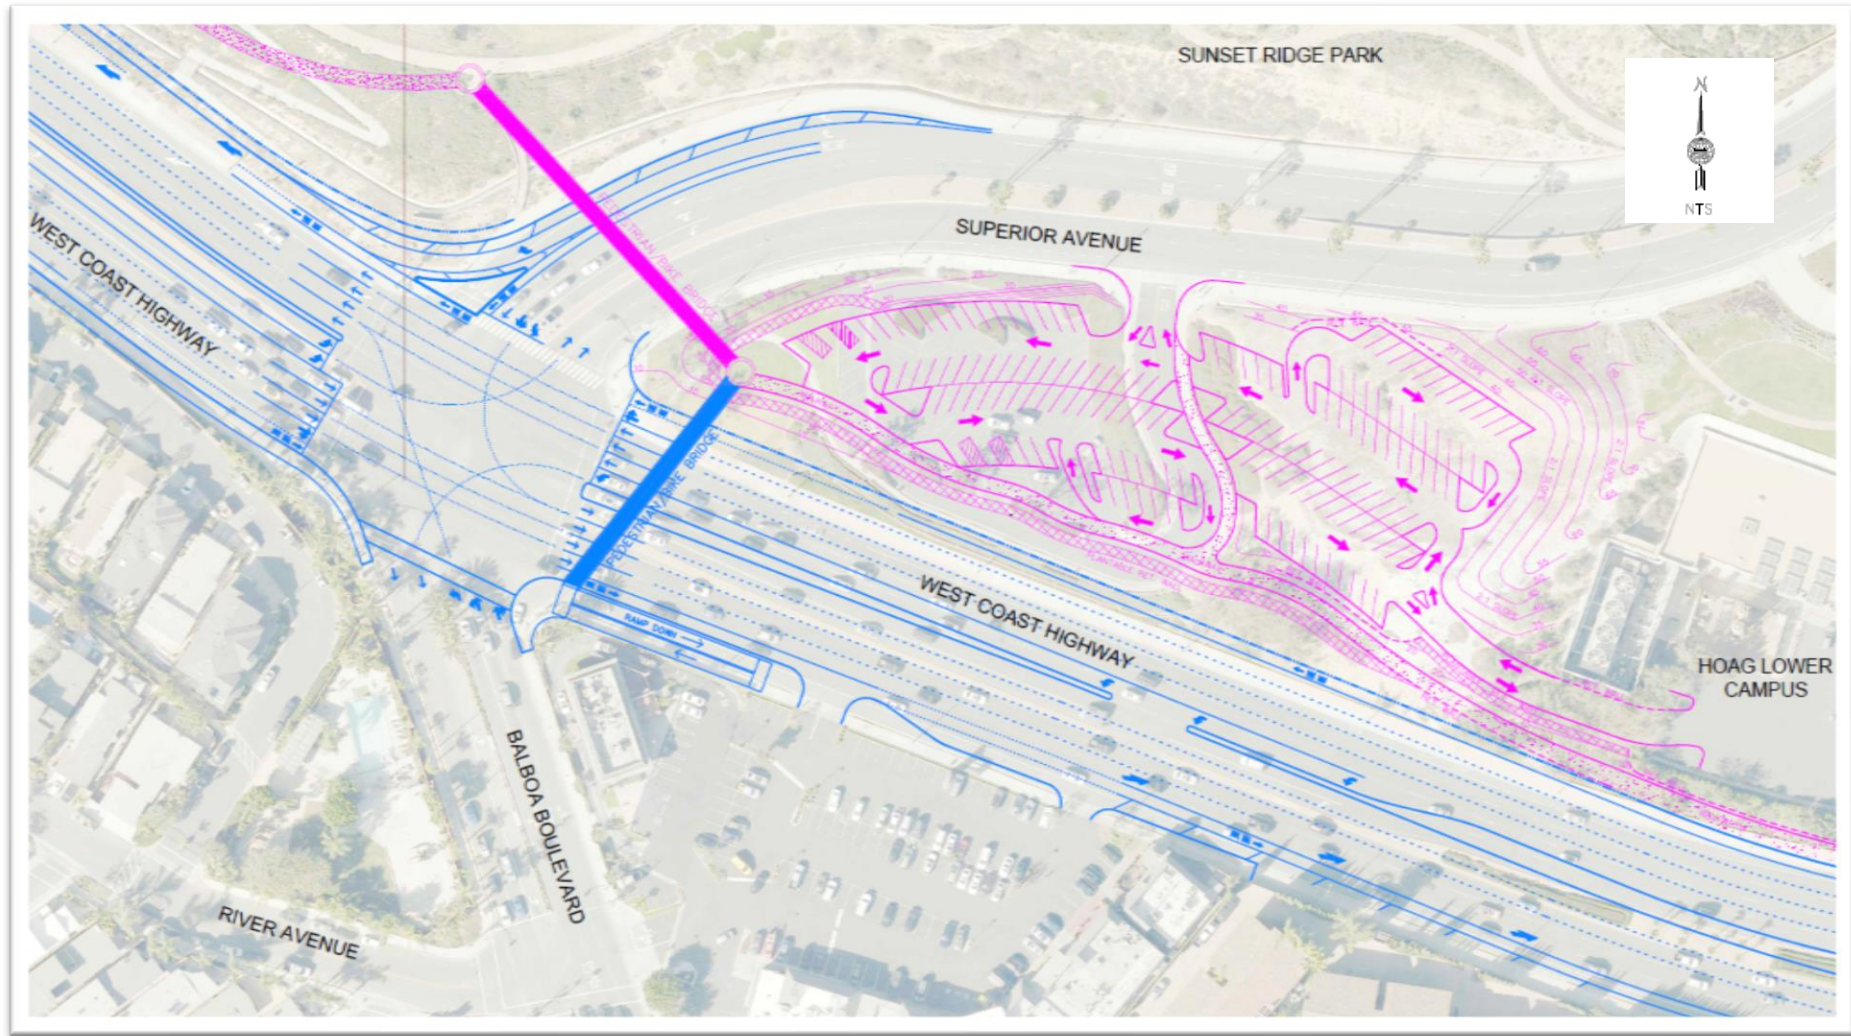

- Widen and realign West Coast Highway at Superior Avenue
- Add one eastbound through lane on West Coast Hwy
- Convert existing dual southbound right-turn lanes into single free right-turn lane on Superior Avenue
- Construct new pedestrian/bicycle bridge across West Coast Highway and eliminate 2 at-grade crosswalks
- Construct pedestrian ramp on south side of West Coast Highway for sidewalk access to new bridge

Project Benefits

- Reduce traffic congestion and delay
- Improve pedestrian and bicycle safety and access

LAYOUT PLAN

LEGEND

-  PROPOSED WEST COAST HIGHWAY WIDENING AND PEDESTRIAN/BIKE BRIDGE (PHASE 2)
-  SUPERIOR AVENUE PEDESTRIAN/BIKE BRIDGE AND PARKING LOT (PHASE 1 - NOT PART OF THIS FUNDING APPLICATION)

COST ESTIMATE

FUND TYPE	PLANNING PHASE	IMPLEMENTATION PHASE		TOTAL
	Engineering	Right-of-Way	Construction	
Intersection Capacity Enhancements (ICE)	\$780,000	\$375,000	\$3,750,000	\$4,905,000
Local Matching Fund	\$420,000*	\$125,000	\$1,250,000	\$1,795,000
GRAND TOTAL	\$1,200,000	\$500,000	\$5,000,000	\$6,700,000

* Minimum local match is 25%. Actual local match is 35% (10% overmatch).

City is requesting for ICE funding for only the Planning Phase during this call for projects. Funding for Implementation Phase will be pursued in future call for projects.
